JAPAN'S ANSWER.

State Department Informed That It Was Delivered to Russia Thursday Morning.

PESSIMISTIC VIEW OF THE FUTURE.

Reply Amounts to a Denial of All the Important Russian Propositions and Will be Unacceptable.

Brig. Gen. H. T. Allen, U. S. A., Has Arrived at Peking and Will Join the Russian Army as An Observer in Event of War.

Washington, Jan. 15.—Mr. Takahira, the Japanese minister here, Thursday called on Secretary Hay and informed him that the Japanese reply to the last Russian note had been delivered Thursday morning. The reply amounts to a denial of all the important Russian propositions and Japan's counter proposals, it is said, are of a nature that almost will certainly make them unacceptable to Russia. Therefore a most pessimistic view of the future is taken at Tokio.

On the other hand, advises that come to the state department from Paris, St. Petersburg and Berlin are all of a pacific character. Ambassador Porter, at Paris, cables that pressure is to be brought to bear on the would-be belligerents, and particularly on Japan by at least two of the great neutral powers to cause Russia and Japan to come to terms and so avert open hostilities. The czar also is reported to be extremely desirous of preventing war. Taking these two conflicting sets of advices into consideration, the official opinion here is that Japan will not yield to any such pressure.

The Japanese minister has supplied the state department an abstract of the last Japanese note. Count Cassini, the Russian ambassador, on his part, has acquainted the state department verbally, as is his custom, with the nature of the Russian note, so that the department is fully informed, but as both these communications have been made in confidence the officials do not feel they should make them public in whole or in part. It is stated, however, that there has been no substantial change in the Japanese proposition nor the Russian counter proposal since they were so lucidly set out by the press in its semi-official dispatch from Peking last week.

Brig. Gen. H. T. Allen, U. S. A., chief of the Philippine constabulary, has arrived at Peking from Manila. He formerly was military attaché at St. Petersburg and will join the Russian army as an observer in the event of war.

COAL OPERATORS MEET.

The Miners Will Be Asked to Accept a Reduction.

Cleveland, O., Jan. 15.—An informal meeting of the Ohio, Pennsylvania and West Virginia coal operators was held here Thursday. The consensus of opinion was that the miners shall be asked to accept a reduction of from 15 to 20 cents per ton in their rate of pay, 90 cents per ton. This proposition will be submitted at the joint conference at Indianapolis January 18. The low price at which steam coal is being sold and the consequent small margin of profit makes this proposition the operators state.

BRILLIANT WEDDING.

Son of Senator Fairbanks Marries a Pittsburgh Girl.

Pittsburg, Pa., Jan. 15.—One of the most brilliant weddings of the season was celebrated at St. Peter's Episcopal church Thursday when Warren C. Fairbanks, son of Senator and Mrs. Chas. W. Fairbanks, of Indiana, and Miss Helene Ethel Cassidy, daughter of Mrs. Edward T. Cassidy, of Pittsburgh, were united in marriage by Rev. Edward H. Ward, D.D., rector of the church.

The Central Baseball League.

Terre Haute, Ind., Jan. 15.—The Central league baseball magnates Thursday night re-elected George W. Bennett, Jr., of Evansville, president, and decided to continue the circuit as last year. The season will open April 28, playing 140 games.

Thirty Turks Were Killed.

Salonica, Macedonia, Jan. 15.—A Turkish powder magazine in the Kuma Nova district, 16 miles from Uskub, has been blown up by Bulgarians. Thirty Turks were killed. A sharp engagement is reported to have occurred near Demirhisar.

LEGISLATIVE DOINGS.

Bill Introduced to Prevent the Sale of Toy Pistols, Etc.

Frankfort, Jan. 15.—Senate: The following bills were introduced Thursday: Providing for taxation of shares of national banks and collection thereof. To allow husbands and wife to testify as in controversies arising over their property. To regulate the speed of automobiles on public highways. To prohibit the sale of toy pistols, cannon and explosives used by children in celebrations. To prohibit horses, mules and other cattle from running on public roads. Providing for the eight-hour law for day laborers. Lieut. Gov. Thorne named the following committee on fish, game and forestry: Carroll, Farris, Hickman, Phelps, Campbell, George and De Haven. Senator De Haven presented a petition from Shelby county citizens asking that automobiles be prohibited from running on public roads.

House: The committee on capitol appropriation reported favorably on the Johnson appropriation bill providing \$1,000,000 for a new capitol. The committee on insurance reported a bill increasing from \$3,500 to \$5,000 the annual allowance for clerk hire. The committee on codes and practice reported favorably the Clayborn bill, providing that husbands and wives may testify against each other in divorce and alimony actions. The Spalding bill, appropriating \$75,000 for the Kentucky exhibit at St. Louis, had its second reading, and went into the orders of the day.

HAD A NARROW ESCAPE.

Lighted His Pipe and Gasoline-Soaked Clothes Caught Fire.

Louisville, Ky., Jan. 15.—John L. Sullivan, a gasoline lampighter, who lives at Eighteenth and Southgate streets, was saved from burning to death Thursday morning by members of No. 17 Engine Company.

He had been at work with the lamps, and his clothes were saturated with gasoline, when he struck a match to light his pipe. The gasoline was instantly ignited, and he was enveloped in flames before he could call for help. The engine company is next door to his home, and one of the men, seeing the accident, called for aid and ran to his assistance. He was thrown on the floor of his house and the clothes torn from his body.

Kentucky Honors Gen. Gordon.

Middlesboro, Ky., Jan. 15.—By request of Maj. J. W. Campbell, every confederate veteran, every son of a veteran, and every daughter of the Confederacy in Bell county ceased work and bowed their heads at 10 o'clock Thursday morning in honor of Gen. John B. Gordon.

Pedley Is For Hearst.

Owensboro, Ky., Jan. 15.—Mr. T. A. Pedley, chairman of the Sixth judicial democratic committee, announced Thursday night that he is for William R. Hearst for president. Mr. Pedley is mayor pro tem. He will be probably elected president of a Hearst democratic club.

For a Second Crusade.

Jackson, Ky., Jan. 15.—The advance guard of the Salvation army arrived here Wednesday to make arrangements for a second crusade. They obtained permission from the county judge to use the court house. A delegation of Salvationists will arrive Saturday night.

Travel Is Interrupted.

Owingsville, Ky., Jan. 15.—A cold wave struck this section Wednesday night and three inches of snow fell. It was snowing Thursday night, and bids fair to reach five inches by morning. Traveling is delayed by drifts in some parts of the county.

Fined Husband and Wife.

Owingsville, Ky., Jan. 15.—Dr. and Mrs. William Bowling, of the Ragland oil fields, were arrested and brought here on the charge of unlawfully selling whisky in Ragland, where no saloons are allowed. They were heavily fined and released.

Receptions at the Mansion.

Frankfort, Ky., Jan. 15.—During the winter Gov. and Mrs. Beckham will receive at the mansion each Thursday afternoon from 3 to 6 o'clock. The friends of the Gov. and Mrs. Beckham are invited to call on reception days.

Died in the Penitentiary.

Eddyville, Ky., Jan. 15.—Tolbert Store, who was convicted of detaining a woman and arson in the Barren circuit court in 1897 and given 19 years in the Eddyville penitentiary, died at the prison hospital of tuberculosis.

Ben Walton Indicted.

Flemingsburg, Ky., Jan. 15.—After two days session the special grand-jury impaneled by Judge Harbeson returned an indictment for murder against Ben Walton, who killed Abe Cline with a baseball bat some weeks ago.

SUPPLY MEASURE.

The House Passed the Legislative, Executive and Judicial Appropriation Bill.

AN AGGREGATE OF \$29,711,700.

Amendment Adopted Restricting Use of Government Horses and Carriages to President and the Cabinet.

If Conveyances Now Used By Officials Were Lined Up They Would Reach From the Peace Monument to the White House.

Washington, Jan. 15.—Senate—The senate Thursday listened to speeches by Mr. Newlands and Mr. Depew on the Panama canal question and to a speech by Mr. Latimer in advocacy of the adoption of a plan for the improvement of the public wagon roads of the country. Mr. Newlands declared that the course of the president in Panama was an act of war and in contravention alike of the treaty of 1846, of international law, and of the constitution of the United States. Mr. Depew praised the president's policy as patriotic and justified by precedent and law. The consideration of the post office department investigation resolutions was postponed until next Monday.

House—The house passed the legislative, executive and judicial appropriation bill, carrying an aggregate of \$29,711,700, and then adjourned until Monday next. This is the second of the big supply measures to pass the house. The house, by a vote of 88 to 172, refused to sustain the action of the committee of the whole which, Wednesday, adopted an amendment striking out the paragraph providing for the salaries and expenses of the civil service commission, thus restoring the item to the bill. Amendments adopted in committee increasing, in one instance, the salaries of territorial officers in New Mexico and Arizona, and reducing the salary of the director of the census in another, met similar fates in the house. An amendment to the bill was adopted restricting the use of government horses and carriages to the president, his secretary and cabinet officers.

Representative Landis said if the horses and carriages now used by government officials were lined up on Pennsylvania avenue they would reach from the Peace monument to the white house. He said that unless congress fixed some limitation it would become a scandal. He added that it would be only a question of time until all those on the government payroll, except senators and representatives, would be riding in carriages at the government's expense.

THREE CENT FARE ORDINANCE.

It Was Not Ratified By the Railway Company Directors.

Cleveland, O., Jan. 15.—At a meeting of the directors of the Cleveland Electric Railway Co. Thursday evening, the proposition to accept the McKenna ordinance and bring a three cent fare in certain zones of the city was not ratified. President Andrews, speaking for the street car company, said that there were certain features about the ordinance that were not entirely satisfactory. The three cent zone is said to be too large; it is almost co-extensive with the city's boundaries. The company is willing, however, according to Mr. Andrews, to begin a 90 days' test of the new plan and to make monthly statements of its practice from every standpoint to the public, and if it is satisfactory to company and public, the former is willing to negotiate with the city for a 20 years' extension of franchise.

RIOTING EXPECTED.

The Corean Press Advocates the Slaughter of All Foreigners.

London, Jan. 15.—The Seoul correspondent of the Daily Mail says that the native press is advocating the slaughter of all foreigners. United States Minister Allen has ordered all American women and children to remain in doors and he predicts that rioting by the military is imminent. M. Collin De Planches, the French minister, has vainly advised the emperor to take refuge in the French legation.

Boer Colony in Montana.

St. Paul, Minn., Jan. 15.—Arrangements are almost completed for establishing a Boer colony in Montana. Land either along the Shields river or Milk river valley will be selected, and immigration will commence early in the spring.

Two watermelons cannot be held under one arm.

The mouth is not sweetened by saying honey, honey.

EX-GOV. BUSHNELL DEAD.

He Succumbed to a Stroke of Apoplexy Friday Morning.

Columbus, O., Jan. 15.—Former Gov. Asa S. Bushnell, of Springfield, O., who was stricken with apoplexy last Monday after witnessing the ceremonies attending the inauguration of Gov. Herrick, died at Grant hospital in this city at 1:52 Friday morning. The end came peacefully. All day long Mr. Bushnell had lain in a profound stupor, a somewhat irregular pulse beat being the only indication of life. His wife and family, who were summoned from Springfield when he was first stricken, have been almost constant attendants at his bedside and were with him at the last. Mrs. Bushnell has been under the strain with remarkable fortitude, but her daughters, Mrs. McGrew and Mrs. Dimmond, have been almost prostrated. Besides the wife and daughters, one son, John L. Bushnell, survives. The body will be taken to Springfield Friday for burial.

Former Gov. Bushnell was born at Rome, Oneida county, N. Y., September 16, 1834. He came to Ohio with his parents when 11 years old, residing first at Cincinnati, and since 1851 at Springfield.

From a position as bookkeeper he rose to a partnership in the Wardner, Bushnell & Glessner Co., manufacturers of farming implements, of which he became president in 1886.

He served in the civil war, being mustered out with the rank of captain.

In 1885 Mr. Bushnell was chairman of the republican state executive committee. He was nominated by acclamation for lieutenant governor in 1887 by the state republican convention, but declined the honor on account of pressing private business interests. Mr. Bushnell was one of the four delegates at large from Ohio to the national republican convention at Minneapolis in 1892.

He served two terms as governor of Ohio, being elected in 1895 and re-elected in 1897. Two weeks ago Mr. Bushnell divided three-quarters of a million dollars among members of his family as a New Year's gift.

A NEGRO LYNNED.

He Had Assaulted a Fourteen-Year-Old White Girl.

Gainesville, Fla., Jan. 15.—Jumbo Clark, a Negro, was lynched at High Springs Thursday afternoon. Clark had criminally assaulted a white girl, about 14 years old, while she was on her way to school. The matter was reported to the authorities and a posse immediately went in search of the offender. He was captured seven miles from High Springs and brought to High Springs and there was confronted with his victim, who identified him.

Officers left with the prisoner to bring him to Gainesville, the county seat, but they were overtaken by the mob some miles from the place and the Negro was taken from them and hanged to a tree. His body was then riddled with bullets. The mob consisted of 50 men, who wore no masks, although the lynching occurred in broad daylight.

IN THE RURAL DISTRICTS.

Large Deprecation of the Mails Near New York Indicated.

New York, Jan. 15.—Large depreciation of the mails in rural districts near this city is believed to have been indicated by the discovery Thursday by post office inspectors of about 200 letters in the Cortland street ferry house. All of the letters had been opened and their contents tampered with.

There was evidence that many of them had contained checks and considerable sums of money. The mail was all directed from outside this city. The inspectors refused to discuss the matter further than to say that their investigation might lead to the discovery of an unusually large robbery of the mails.

A Lynching in Mississippi.

Vicksburg, Miss., Jan. 15.—News was received here that "Butch" Riley, the Negro who killed C. C. McMillan near Tallulah Tuesday night, was arrested and placed in jail at Tallulah, but the sheriff was relieved of the Negro by a strong mob and the Negro was lynched.

Important Gold Strike.

Cripple Creek, Col., Jan. 15.—The most important gold strike ever made in the district became known Thursday. It was made on Beacon hill. A six foot vein averaging \$200 per ton was uncovered, through streak runs, which assay as high as \$150,000 per ton.

Children Devoured By Wolves.

Madrid, Jan. 15.—At Toregano, Province of Segovia, four wolves, driven from the hills by hunger, entered a school and devoured five children and injured seven others. Villagers finally killed the wolves.

BY BELL SIGNALS.

Communication Was Established By Submarine System Between a Steamer and Lightships.

INTERESTING TESTS WERE MADE.

As the Vessel Approached Distinct Sounds of a Tolling Bell Was Heard In Telephone Receiver.

The Test Showed That Apparently It Is Possible For Ships to Signal Each Other and So Avert Collisions.

Boston, Jan. 15.—Interesting tests of submarine signalling were made Thursday on board the steamer James S. Whitney during her trip from New York to this port. Communication by bell signal was established with three lightships while the steamer was some distance from them, apparently showing that it is possible for vessels to signal each other and so avert collisions.

By permission of the United States government four lightships on the course had been equipped with submarine bells which were planned to be tolled automatically.

The Whitney left New York at midnight Wednesday night and it was expected that the first submarine signal would be received from the Vineyards Sound lightship, which the steamer approached about 8 o'clock Thursday morning. No communication, however, was established with the lightship, owing, the Whitney's officers said, to a misunderstanding with the crew of the lightship.

About 2 o'clock Thursday afternoon as the ship approached the Pollock Rip lightship, the distinct sound of a tolling bell was heard in the telephone receiver stationed in the pilot house. A few minutes later another bell was heard, which, the officers said, was submerged at the Pollock Rip shoals lightship. At this time signals were distinctly heard from both the Pollock Rip and the Pollock Rip shoals lightship, but as the Whitney passed one on the starboard and the other on the port side, it was impossible to distinguish clearly from which lightship individual sounds were received.

At 7:20 o'clock Thursday night as the Whitney neared Boston harbor the sound of a bell was heard clearly in the telephone receiver in the pilot house. The captain veered the course of his ship at intervals so that the sound of the bell was heard both from the port and starboard sides.

Both the officers of the steamer and the observers expressed themselves as much pleased with Thursday's experiments.

AGAINST FOREIGNERS.

The Corean Newspapers Trying to Incite the People.

Washington, Jan. 15.—The state department Thursday received a cablegram from United States Minister Allen, at Seoul, Corea, stating that the Corean newspapers are trying to incite the people against foreigners and especially against American interests.

The department feels that the interests can be cared for properly by the United States gunboat Vicksburg and the United States marine guard now in the Corean capital. The European nations also have considerable guards, which undoubtedly could be relied on to assist in repressing disorder that might threaten any special foreign interests.

THE SOUTH'S DEVELOPMENT.

During 1903 announced additions to Southern cotton mills amounted to 817,826 spindles and 16,313 looms, representing an investment of about \$16,000,000. Reviewing this progress with especial reference to the last quarter of the year the Baltimore Manufacturers' Record says:

Despite the fact that conditions in the cotton manufacturing industry generally have not been conducive to the erection of new mills or the enlargement of old plants, a decided advancement was made in the South during the past three months. For October, November and December the spindles total 105,900 and the looms 1,667, an estimated investment of \$2,100,000. Of that number 70,900 spindles and 767 looms, estimated investment \$1,418,000, are additions to established mills.

This leaves 35,000 spindles and 900 looms, estimated investment \$700,000, as the equipment of three strictly new enterprises. The great difference shown in favor of the established mills is but a repetition of evidence that the men most experienced in Southern conditions for textile manufacture are the ones who are leading in the expansion of that industry.

This growth in the cotton manufacturing industry is but a small item, comparatively speaking, of the South's wonderful development.

A Voice From Foreign Lands.

CONSULAR SERVICE U. S. A., MATAGALPA, NICARAGUA, C. A., March 11, 1903.

Gentlemen: The piano which I bought of you last November reached here early in February, and notwithstanding rough handling, including a fall from the freight cars at Leon, and a trip of one hundred and twenty miles in a two-wheeled ox cart, it reached us in perfect condition and tone, and has been admired greatly by all who have seen it. It really is the finest instrument I have ever seen in Nicaragua. That it is giving us good satisfaction and much pleasure you now have no doubt.

Thanking you for recommending the instrument to me, I beg, gentlemen, to be your obedient servant,

ISAAC A. MANNING,
United States Consular Agent.

Your Fortune Told in a Coffee Cup?

Listen to the voice of Uncle Sam's representative in the land of coffee and profit by his experience!

No Sympathy

Should be extended to you if in the face of experience circling the globe, you have the nerve to buy a cheap piano.

Buy a Reliable Piano From Smith & Nixon

And you are protected. The hills may melt away, the Ohio river run upstream, but Smith & Nixon will never make a poor piano. THEY ARE TIME TESTED, TRIED AND TRUE, AND YOU KNOW IT!

Now is the Greatest Opportunity

In Their History

For you to get a good piano and save \$100. This car of Pianos that came too late for Christmas must go. Meditate over these prices. \$250 Pianos \$175, \$300 Pianos \$200, \$375 Pianos \$275 and \$450 Pianos \$325.

If you haven't the money, we will give you long time and easy terms, for this car of Pianos must go out to give room for other goods.

The L. and N. has just issued a very convenient pocket atlas and calendar for 1904, containing a series of State maps, including a handsome official map of its entire system, population of the leading towns and cities of the country, and other valuable information for ready reference. It is nicely bound in flexible cloth and is a useful as well as beautiful souvenir of the road.

The Epworth League of the Third Street M. E. Church will hold their business meeting to-night at 7 o'clock at the church. Every officer and member urged to be on hand. Let the officers have their reports prepared. Choir practice immediately at the close of the business meeting.

BLACKSTONE GROVES.

Life's Vicissitudes Illustrated in the Life of One Who Was Buried Thursday.

The remains of the late Blackstone Groves, who died Wednesday morning at the county infirmary, were buried in the Maysville Cemetery Thursday afternoon. Short services were conducted at the grave by Rev. R. E. Moss. The body was laid to rest in the Kennan family lot. Life's vicissitudes were never more strikingly illustrated than in the case of Mr. Groves. At one time his family was among the wealthiest in the county, owning a large tract of fine land in the Mayslick neighborhood. There was no more hospitable home than the Groves mansion. But fortune's reverses came and gradually the fine estate passed little by little into other hands, until it was all gone.

Blackstone Groves was one of a family of four sons and two daughters. He was never married, and in his old age he became wholly dependent. Relatives living in Missouri tried to induce him to come and spend his last days with them in ease and comfort, but he could not be prevailed on to leave Kentucky, so he became an inmate of the county infirmary.

Mr. Groves leaves one sister who lives at some point in Missouri.

Mrs. H. B. Daugherty who has been quite ill at her home at the Central Hotel is improving and hopes to be out in a few days.

The Fleming County grand jury indicted Ben Walton for the murder of A. L. Cline. The grand jury failed to indict any one for the lynching of Wm. J. Thacker.

Mrs. Sophia Duley, mother of Mr. John Duley, will celebrate her ninety-third birthday next Thursday. She is the oldest person in Fleming County, so far as known.

Miss Mary Carroll is confined to her home on Fifth street with an attack of inflammatory rheumatism. Her mother, Mrs. Hannah Carroll, who has been ill some time, is in a critical condition.

The alarm of fire at 10:30 o'clock Thursday was caused by a threatening blaze at the home of Mrs. Minnie Chunn on West Second street. The fire started from a lump of coal falling out of a grate. It spread to a closet, and had been burning some time before it was discovered. It took the Washingtons but a short time to extinguish the blaze. The damage is slight.

Mrs. Hulda McDonald, of Springdale, who has passed her three score and ten years, can teach many of her younger sisters a lesson in the possibilities of a poultry farm. Last spring Mrs. McDonald purchased of Mrs. C. P. Vawter two dozen Bronze turkey eggs for which she paid \$1. Twenty-three hatched, from which she raised nineteen turkeys. The hunting vandals caught one, and Mrs. McDonald sold the eighteen last fall for \$30.70. Who can beat it?

WITH MILITARY HONORS.

Remains of Gen. John B. Gordon Buried in Oakland Cemetery.

Atlanta, Ga., Jan. 15.—Attended by military honors and with the homage of his state and the southland, Gen. John B. Gordon, soldier, statesman and citizen, and the south's last great figure of the civil war, was buried in Oakland cemetery Thursday. In the procession which escorted the body of the famous cavalry leader to its last resting place was a battalion of the Sixteenth infantry, U. S. A., Col. Butler D. Price, now stationed at Fort McPherson, Ga., and nearly every foot of ground traversed by the long line of troops and carriages on its way from the church to Oakland cemetery was of the highest historic interest. The memorial exercises, which were conducted in the house of representatives at the state capitol, were attended, by thousands. Governors and distinguished statesmen of the south and confederate leaders and veterans who fought through the war between the states, gave their eulogies to Gordon's name. A salute of 17 guns was fired during the day, the courts and schools were closed and many of the business places suspended during the hour of the funeral. The memorial exercises were begun at 10 o'clock and were presided over by Gov. Terrell.

THE EIGHT HOUR BILL.

House Committee Fixed February 4 as the Date to Begin Hearings.

Washington, Jan. 15.—The house committee on labor fixed February 4,

as the date to begin hearings on the eight hour bill. The bill introduced by Representative Hitt will be the measure considered. It is practically the eight hour measure as amended and reported to the senate in the last congress. Such a large number of requests have been made for opportunity to be heard against the bill that the committee estimates the hearings will occupy a month. The labor interests, which favor the measure, are to be heard last. A sub-committee was appointed to consider the Foss arbitration bill.

LYNCHING IN VIRGINIA.

A Negro Hanged to a Tree By a Mob of Colored Men.

Petersburg, Va., Jan. 15.—Information has been received here of the lynching in Sussex county, Virginia, of a Negro named Elmore Moseley by a mob of Negroes. Moseley was tried this week for killing another Negro on the public highway in the presence of the victim's wife and child. He was acquitted. A mob of Negroes, the dead man's friends, went to Moseley's house Thursday, seized him and hung him to a tree and riddled his body with bullets.

PROVE ALL THINGS.

Maysville People Look For Proper Proof.

To win a wager an English Marquis stood on London bridge and offered British sovereigns (\$5) for five shillings (\$1.25). He could not find a customer. It's not to be wondered at, the public look askance at any proposition where the proposer is apparently a financial loser, without direct or indirect gain. Fraudulent schemers have often been successful and in these days skeptics want better proof than the word of a stranger. No evidence can be stronger than the testimony of friends and neighbors, of people we know. Here is case of it:

Mrs. James Molen, of 219 Lee street, who says: "Our son was greatly troubled with his kidneys and although he used many remedies nothing brought lasting relief. We learned about Doan's Kidney Pills and his father went to J. Jas. Wood & Son's drug store on West Second and Market streets and got a box for him. Its use proved its great value. We most heartily recommend Doan's Kidney Pills to others suffering from kidney ailments."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.
